

Ammergauer Alpen

Instructions to login

1. Making wireless connection:

Click on the wireless network icon on the taskbar of your PC or laptop or select Wi-Fi use on your smartphone

2. Connecting to HOTSPLOTS:

- Select the unencrypted wireless network "free_ammergau" and click on the "Connect" button

3. Login page:

- Start your browser and open a website

- Now you will be redirected automatically to the Login page

- In the login screen you have to type the number of your electronic guest card into the input field and then you can start - every day for 24 hours

- If you are registered in one of the HOT SPOTS of the region, you automatically can use all HOT SPOTS in the Ammergau Alps and in the Ostallgäu

4. Logging off:

- You will be logged out automatically if you are separate more than 10 minutes from the wireless network - for example, by switching off the device or leaving the radio range

- If you want to logout from hotspot, click on the pop-up window that appears after login to "logout from hotspot"

- If your browser has suppressed that window, you can log out using the URL

<http://logout.hotspots.de>
